

Revolutionary Pan-African Socialist Organizations: Those at Home and Those Abroad

In *Class Struggle in Africa*, Osagyefo Dr. Kwame Nkrumah wrote: “The total liberation and unification of Africa under an All-African socialist government must be the primary objective of all Black revolutionaries throughout the world. It is an objective which, when achieved, will bring about the fulfilment of the aspirations of Africans and people of African descent everywhere.”

But only an organized people can achieve this objective of Pan-Africanism!

The Pan-African Revolutionary Socialist Party’s (PRSP’s) 2020 calendar features active revolutionary Pan-African socialist organizations that are based at home in Africa or that are in the African diaspora. All of these organizations share Dr. Nkrumah’s belief that permanent liberation for African people will come about only when Africa is liberated, united and socialist. This objective of Pan-Africanism is the primary quest of each of the organizations represented.

Remember, organization is the key. Join, today, one of the revolutionary Pan-African socialist organizations represented in this calendar, or join some other revolutionary Pan-African socialist organization. A Union of African Socialist States is not only possible; it’s on the horizon! Forward ever, Backward never! Ready for the African Revolution!
